Brand, eruption of beauty.

Dal palpito primitivo delle profonde viscere
della terra la forza creativa del fuoco
fonde e plasma la severità della materia.
Sagome sinuose di morbidi fuscilli di luce
mossi dal vento filtrano e si insinuano per esaltare
la suggestione delle superfici,
l'equilibrio della tessitura profonda.

Brand, eruption of beauty.

*From the primordial beat out of the deep bowels of the earth,
the creative force of fire molds and shapes the austere strength of matter.
Soft twigs of light blown by the wind form sinuous silhouettes that winnow
and weave through, magnifying the allure of the surfaces and the balance
of their deep texture.*
